Free Surplus Food and Household Product Distribution for Low-Income Households

We will be bringing in one semi load of food and goods from Second Harvest Heartland, approximately 30,000 pounds, and distributing it to 300-400 families that same day. The process is done in three stages: unload and set up the food and goods (1:00-4:30 pm), register clients and distribute (4:00-8:00 pm), and finally cleanup (1:00-8:00 pm). Clients start arriving at 4:00 pm and wait inside, until they go through the distribution line outside. Each client household will leave with 50-100 pounds of surplus food and product.
